

New Jersey Department of Agriculture Child Nutrition Programs Pre-Approval Process for Equipment Purchases of \$5,000 or more not on the Pre-Approved List

"Equipment" is defined as an article of nonexpendable, tangible, personal property with a useful life of more than a year or longer and an acquisition cost which equals or exceeds the Federal per-unit capitalization threshold of \$5000".

"Capital Expenditures" means expenditures to acquire capital assets or expenditures to make additions, improvements, modifications, replacements, rearrangements, reinstallations, renovations or alternations to capital assets that materially increase their value or useful life.

"Acquisition Cost" means the net cost of the equipment, including basic installation in an existing structure including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it was acquired. Ancillary charges, such as taxes, duty, protective in transit insurance, freight, and installation may be included in, or excluded from the acquisition cost in accordance with the governmental unit's regular accounting practices.

If you wish to purchase an item not on the Pre-Approved Equipment List below, submit a completed **Form 106 "New Jersey School Food Service Program Equipment Request Form"** along with supporting documentation for each piece of equipment including, specifications, project details and price quotes to the NJ Division of Food and Nutrition to Jacqueline Bricker Jacqueline.bricker@ag.nj.gov for review and approval.
